Subject: CASE NUMBER 1998R02072 - US vs AHMED KHALFAN GHAILANI

Dear Elizabeth

Happy New Year. First I wish to apologize for not writing in time.
I wish to state as follows concerning this case.

This man should not be set free or given 20 years whereby he's still come out and continue from where he left. I still remember how my husband rang me about 20 minutes before the blast and promised to call later which he never did!

- 1) I'm a victim and know how it feels to lose someone so abruptly, no notice, nothing.
- 2) How many children are left without a father/mother - bread winner?
- 3) How many are left orphans?
- 4) Do they ever ask themselves how many children grow up without someone to give parental guidance?
- 5) How many children grow up without experiencing father's/mother's love? Like my daughter who was only 11 months old and will never know how it feels to have a father?
- 6) Some children grow up knowing little or nothing about their parents.
- 7) How many people are left without limbs and have no one to take care of them?
- 8) How many people are killed who their countries depended on for future growth of their nation(s). Those innocent people killed in their business premises/offices like my husband?

My life changed within a day: -

- a) I've suffered bringing up a child alone which is not what I had planned.
- b) I've been made to start planning on how to take care of an aged mother-in-law who has no one else to depend on.
- c) His aged mother is now on drugs permanently because of blood pressure which started then. His death was a big blow to her!
- d) The local community depended on him and others to bring up the standard of their village because they were more informed.

The man should never be set free, he doesn't deserve to be free. Too many people live in fear since they don't know where they'll strike next! They dictate to the whole world, they give orders in the high seas, where are we safe surely!!! Lock him up and throw the key away. I'd love to see his face at that time!

Thank you.
Jane Kathuka

- d) His death affected many, directly and indirectly.
